

COVID-19 update from DBYD Certification Ltd

As we are all aware, Coronavirus (COVID-19) is having a major impact across Australia, and the world.

We want to reassure you that we are open for business. We have instituted a work from home policy for our staff and with respect to Certified Locating Organisation and renewals call **Michael Jaenke on 0455 501 222**. For Certification, assessments and everything else call **Paula Christie on 0438 816 682**

Our highest priority is the health and wellbeing of our employees, contractors and clients. For this reason, we are currently suspending practical assessments in NSW, SA and WA until further notice. In Queensland and Victoria, we are able to provide limited assessment services subject to the following conditions:

- Assessors and candidates must voluntarily agree to the assessment.
- Assessors and Candidates must not be exhibiting any Symptoms that may indicate they have COVID-19, including –
 - not having been in contact with any third parties that are confirmed cases of COVID-19; or
 - not having travelled overseas, within the last fourteen (14) days.

For the purpose of this notice, Symptoms may range from mild illness to pneumonia, and include tiredness, fever, dry cough, aches and pains, nasal congestion, runny nose, sore throat, diarrhea and difficulty breathing.

- Assessors and candidates must maintain government guidelines re social distancing (currently 1.5 metres).
- Assessors may terminate the assessment at any time by reason of health concerns.

We continue to maintain our online services for enrolment in the certification program, training through Locate Management and will soon be instituting a webinar service for our Pre-excavation Management Course.

Dial Before You Dig and DBYD Certification Ltd provide an essential service to the community and the construction industry. We are committed to maintaining these services while adhering to government health guidelines and ensuring the protection of our employees, contractors and clients.

Kind regards,

Robert Row
CEO
